**1. Description of Coverage**

The Cyber Suite Coverage is comprised of the following coverage components – First party coverages: Data Compromise Response Expenses, Computer Attack, Cyber Extortion, Misdirected Payment Fraud, and Computer Fraud and third party coverages: Data Compromise Liability, Network Security Liability, and Electronic Media Liability.

**Coverage 1 - Data Compromise Response Expenses (DC RE)** provides coverage for specified expenses arising from a Personal Data Compromise involving Personally Identifying Information of Affected Individuals. Affected Individuals may be customers, clients, members, owners, directors or employees of the insured entity.

This coverage includes the following additional coverage components:

- Forensic IT Review (Information Technology) – Coverage for the cost to hire outside computer experts to determine the nature and extent of the breach.
- Legal Review – Coverage for the cost to obtain professional legal advice.
- Notification to Affected Individuals – Coverage for reimbursement of expenses associated with the notification of those whose personal information was breached.
- Services to Affected Individuals – Coverage for the cost of providing services (Packet of informational materials, toll-free help line, one year of credit monitoring and identity restoration case management) to affected individuals for 12 months from the date of the notice.
- Public Relations – Coverage for the cost to implement public relations recommendations of a professional public relations firm. This may include advertising and special promotions designed to retain the relationship with affected individuals.
- Regulatory Fines and Penalties – Coverage for any fine or penalty imposed, to the extent such fine or penalty is legally insurable under the law of the applicable jurisdiction.
- PCI Fines and Penalties – Coverage for any Payment Card Industry (PCI) fine or penalty imposed under a contract to which you are a party. PCI Fines and Penalties do not include any increased transaction costs.

**Coverage 2 - Computer Attack (CA)** provides coverage for specified expenses arising from a computer attack on the computer system.

Computer Attack Coverage consists of the following coverage components:

- Data Restoration - Coverage for the cost of a professional firm hired by the insured to replace lost or corrupted data from electronic sources.
- Data Re-creation - Coverage for the cost of a professional firm hired by the insured to re-search, re-create and replace lost or corrupted data from *non*-electronic sources.
- System Restoration - Coverage for the cost of a professional firm hired by the insured to restore its computer system to its pre-attack level of functionality by replacing or reinstalling software, removing malicious code and correcting the configuration of the insured's computer system.
- Loss of Business - Coverage for business income lost by the insured and extra expenses incurred by the insured during the period of time when system and data recovery activities are taking place.
- Extended Income Recovery – Coverage for the component of the business income that had still not recovered to historical levels after the period of recovery has completed.

- Public Relations - Coverage for assistance from a professional public relations firm in communicating with outside parties concerning the computer attack and the insured's response.

**Coverage 3 - Cyber Extortion (CE)** Coverage is provided for the cost of a professional firm hired by the insured to investigate and negotiate a cyber extortion threat – a credible threat or series of threats to launch a potential denial of service attack against an insured. Discovery of the attack must occur during the policy period.

**Coverage 4 - Misdirected Payment Fraud (MPF)** is a first party coverage that provides coverage for funds lost by the insured as the result of a criminal deception of the insured or the insured's financial institution to induce the insured or the financial institution to send money or divert a payment to a fraudulent destination.

**Coverage 5 - Computer Fraud (CF)** coverage is provided for funds lost by the insured as a result of an unauthorized party that gains access to the insured's computer system and uses that access to enter or alter data causing money to be sent to a fraudulent destination.

**Coverage 6 - Data Compromise Liability (DCL)** supplements the program by providing coverage for defense and settlement costs in the event that affected individuals sue the insured. The coverage will be defense within the limits.

**Coverage 7 - Network Security Liability (NSL)** provides coverage for defense and settlement costs in the event that a third party claimant sues the insured because of a network security incident.

A network security incident may be:

- The breach of third party business information
- The unintended propagation or forwarding of malware
- The unintended abetting of a denial of service attack

There need not be a covered loss under the first party CA Coverage in order for there to be a loss under the third party NSL Coverage. The coverage will be defense within the limits.

**Coverage 8 - Electronic Media Liability (EML)** provides coverage for defense and settlement costs in the event that a third party claimant sues the insured alleging that the insured's electronic communications resulted in defamation, violation of a person's right of privacy, interference with a person's right of publicity or infringement of copyright or trademark.

There need not be a covered loss under the first party CA Coverage in order for there to be a loss under the third party EML Coverage. The coverage will be defense within the limits.
